

Estimate Your Costs

Looking to budget your dental costs? Try the Cost Estimator. This feature of Delta Dental's Online Services gives you a personalized estimate of how much you'll pay for your next dentist visit.

Whether you're getting braces or need a cavity filled, you'll choose from the top reasons for visiting the dentist, written in everyday language. The Cost Estimator organizes information logically, so you don't need to be concerned whether the service involves multiple procedure codes or visits.

Advantages

- **Easy to use.** Questions guide you through the process, letting you add services to your visit, like getting x-rays or a cleaning alongside your dental exam.
- **Based on real data.** Your cost estimate is calculated from actual claims Delta Dental has processed, updated daily.
- **Personalized.** You'll get a customized cost based on your actual benefits, taking into account any maximums and remaining deductible.
- **Available on desktop and mobile.** Get an estimate on your computer, tablet or phone.

Features

- **Change your dentist.** Want to know if you'd save by switching to another dentist? Test it out by comparing up to five dentists.
- **Personalize your procedure.** Specify which tooth is being treated, the type of filling you need or whether you're going to a specialist. The price will be calculated accordingly.
- **Keep track of your benefits.** A handy sidebar shows the current status of any deductibles and annual and lifetime maximums.

The screenshot shows the Delta Dental Cost Estimator interface. At the top, it says "I need a filling" and "on October 24, 2016 for John Smith Delta Dental PPO". Below this, there are two dentist options. The first is Mike Jones, a General Dentist Out-of-Network, with a typical cost of \$17.80 out-of-pocket. The second is Jane Smith, a General Dentist In-Network, with a typical cost of \$7.50 out-of-pocket. A callout box explains that clicking on "I need" returns to the full list of procedures. Another callout box notes that if a procedure is not listed, users should scroll to the bottom for a longer list. A third callout box states that clicking on "Explain cost details" expands the breakdown of how the estimate was calculated. A fourth callout box indicates that clicking on "Change compared dentists" allows users to select different options and then click "Show cost". On the right side, there are sections for "Current Benefits" (Calendar Individual Maximum \$1639.10 of \$2000.00 available, Lifetime Individual Maximum \$1800.00 of \$1800.00 available) and "About This Visit" (Includes a typical silver-colored filling for a back tooth. Consult your dentist for actual treatment and diagnosis.). A sidebar on the right shows the current status of maximums and deductibles. At the bottom, a table breaks down the costs: Typical Submitted Fees* (\$285.00), Network Savings (-\$210.00), Delta Dental Pays (-\$67.50), and You Pay (\$7.50).

Click on **I need** to go back to the full list of procedures.
