

Congratulations on Your New Addition

This is an exciting time of planning and preparing to welcome a new baby. Here are a few things to remember:

Before the Baby is Born: Get Ready!

- If you haven't already, join our Healthy Addition® Prenatal Program at no extra cost! Call us to sign up: 800-955-7635, Option 6.
- Pre-register at your hospital, if it's required.
- Choose a pediatrician for your newborn, and find out how to set up your first appointment.

Once the Baby is Here: Take Care of Baby and Yourself!

- **Make sure your baby has health coverage for all their doctor visits and immunizations.** You may have several options, like adding the baby to your current plan, choosing a new family plan or getting a policy just for the baby.
- Schedule a follow-up visit with your doctor after delivery to stay on track with your recovery.
- Begin regular visits to the pediatrician.

We're here for you to be sure your baby is covered!

If you get coverage through your job, contact your HR department for help.

If you buy your own health coverage, you can add the baby to your current plan or pick a new one that better fits your growing family. We'll help you make a good plan now so you can focus on your family after the baby comes. Call your agent today, or call Florida Blue at **855-714-8894**.

Access to this program is determined by the health plan selected. Please remember that all decisions that require or pertain to independent professional medical or clinical judgment or training, or the need for medical services, are solely your responsibility and that of your treating Physician and/or health care Providers. You and your Physicians are responsible for deciding what medical care should be rendered or received and when that care should be provided.
